BINANCE SMART CHAIN
Advantages of the Binance smart chain are:

It’s a proprietary blockchain, which will provide security and safety to all users and developers.

Its native dual chain interoperability will allow cross-chain communication and scaling of high-peormance dApps that require a fast and smooth user experience.

It’s EVM-compatible and will support
all of the existing Ethereum toolings along with faster and cheaper transactions.

Its on-chain governance with Proof of Staked Authority consensus, built on 21 validators who validate the transactions, will provide decentralization and enable significant community involvement
